DALLAS ITEMS

(Capital Journal Special Service) Dallas, Nov. 2.—A movement is on foot by the Dallas Commercial club to endeavor to get the Southern Pacific railway company to electrify the four miles of road between Gerlinger and this city. The work of stringing the wires on the west side line from Whitson to Corvallis is progressing rapidly and the construction gang have their headquarters at Gerlinger. A prominent railway official let out the information a short time ago that he believed that the company, with a little persuasion, could be induced to run the line on into Dallas. If the Commercial club can succeed in getting this piece of road electrified it will mean an electric train will lay over at noon in this city, and that a person can leave here at about 12:30 and reach Portland about three o'clock. The matter has been placed in the hands of the railroad committee of the club who are doing their utmost to have the line put through to this city.

City Beautiful

Our city is certainly beautiful, and to keep up with it the storekeepers decorated their store windows with merchandise to attract the trade for our first annual DRESS-UP WEEK.

Many of the stores are decorated with foliage, and others even went to the limit of showing our agricultural products, to keep abreast of the times and spirit of the day.

We decorated, or rather dressed, our windows not with foliage and agricultural products, but with the genuine clothing which we have on sale and which is attractively displayed so that the person desiring to purchase articles of apparel can get an idea of the styles and quality of merchandise we carry inside our store. We believe this the better way of demonstrating our merchandise and at the same time typify the "CITY BEAUTIFUL" idea.

Dress-Up Week

Dress Up Strong

We can readily change the spelling of week to weak, and make it appear to read dress-up week, but the fact of the matter is, we expect you to dress up strong, and put on a mighty front, so that visitors to our city will leave with words of praise for the city and all our people.

Clothing

Demonstration

During the week there will be at the Oregon theatres, displayed on live models, clothing for men and young men. We wish to emphasize the fact that there will not be a single model shown that we do not carry in our store—from the finger tip gloves, to headgear, to shoes, our stock is complete and we can fit you, whether it be in the right fitting military model, semi-fit, or box garments. We can fit you and please you to your entire satisfaction.

Just Arrived

Are you acquainted with Mr. Balmende? (Overcoat.) If not come in and let us show you the coat that the east is going wild over. This same coat can be made by us into a so-called pinch-back, so it is an easy way of purchasing a coat that can be worn both ways.

Boys' Clothing

We must give some space to our Boys' Clothing Department, our windows being inadequate to make a great display. We must call your attention to the fact that we have without doubt a line that is complete in every detail and second to none in this state. It may not be the cheapest, but it certainly is the best, at the cheapest prices. You are welcome to look them over for your boy's sake. And if he tears his clothes, remember he is only a boy, just like father used to be.

Gloves

We carry a complete line of Dress Gloves, in kid, suede, mocha, in fact, anything in the glove line can be found at our store.

Boys' Shoes

Mothers should remember we carry complete lines of Boys' Shoes—the kind that wear.

Boys' Underwear

Union Underwear for boys of all ages can be had from us.

Boys' Shirts

In Closing

Let us remind you that Bricks' popular corner is the home of the best dressers who watch their purse allowances with greatest discretion.

HOT WATER AND "ANURIC" BEFORE MEALS--AND HEALTH

All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities through the skin. Dr. Pierce has conducted experiments and thoroughly tested a uric acid solvent at his Invalids' Hotel and Surgical Institute which he is convinced is many times more potent than lithia—this he named "Anuric." It can be had at almost all drug stores by simply asking for Dr. Pierce's Anuric for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night.

Our grandmothers have told our mothers and our mothers have in turn

instructed us that in case of sickness, resort to Dr. Pierce's dependable household prescriptions. These medicines as put up for sale by druggists have never been recommended as "snake-oils," but only as superior remedies for certain common and easily-recognized diseases. Had these medicines been adopted to all classes and forms of chronic diseases there would have been no necessity for organizing a competent staff of expert physicians and surgeons, to act in the treatment of difficult, obscure and complicated cases of chronic diseases, as Dr. Pierce's maintains in his Invalids' Hotel and Surgical Institute. Of his home remedies the most widely known are his "Favorite Prescription" for womanly troubles and run-down conditions peculiar to the womanly sex; his "Golden Medical Discovery," the greatest of all herbal system tonics and vitalizers, for stomach, liver and blood disorders, as well as his "Pleasant Peppermint," the tiny, tonic laxative, overcoming constipation and cleansing the system of poisons and accumulations in the bowels.
